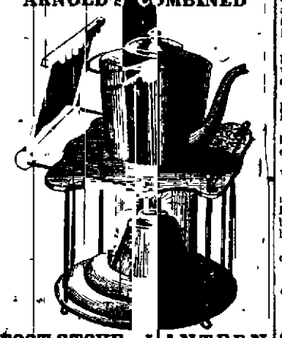
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN,

....AND....

NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, beside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat iron heat in the same length of time.

In fact, the various purposes to which this neat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

BOUNTY LANDS.

IMPORTANT NOTICE TO

SOLDIERS, SEAMEN,

AND THEIR

Widows and Minor Children.

A BILL has passed both Houses of Congress granting Bounty Lands to the following classes of persons, viz

One hundred and sixty acres to all who have SERVED FOURTEEN DAYS IN ANY WAR of the United States, provided they have not received that amount.

One hundred and twenty acres to all who have so served and have received 80 acres.

Eighty acres to all who have so served and have received 120 acres.

And if any soldier has deceased without obtaining 160 acres, the same allowance as above is made to his Widow, or if no Widow, to his Minor Children.

Service in the Revolution—in the War of 1812—and in all the Indian Wars, is provided for by said Act.

And all persons who served the above period in the militia of the State of Maine in the year 1839, in what is known as the

AROOSTOOK WAR,

are entitled to its benefits. Also the Militia called out by State Authority, and who served the above period, whose services have been paid for by the United States, and their Widows, and Minor Children.

The subscriber is prepared to receive and prosecute all claims arising under said Act, with promptness and dispatch, and upon as reasonable terms as other Agents.

He has many Military Rolls and Copies in his possession, and especially very full ones of the Militia drafted for the Aroostook service in 1839.

This induces him to commit claims to his charge, he ventures to rely upon his long and well known experience as a success in those of a similar nature.

He will, if preferred, Purchase the Land Warrants at fair rates.

Application may be made to him at his Office, or if requested by letter, he will send to claimants full declarations, with suitable directions, which may be executed without the parties leaving their homes.

To secure the receipt of a Warrant early, apply early.

GREAT

American and Foreign Office,

—FOR—

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St.,

BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, in applications prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others,*) will be remitted by him in case of failure to obtain a patent, and the withdrawal, through him within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The recommendations below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats Specifications, Assignments, and all Papers and Drawings necessary to the procurement of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventor.

Copies of the claims of any patent furnished for *one dollar.* Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the high est respectability.

R. H. EDDY, *Solicitor of Patents.*

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor of an unusual number of cases. These were few, many, persons acting in that capacity, who had so much business before the Patent Office, and there were more who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the most learned and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,

Late Commissioner of Patents."

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly instructed in the law and practice of the office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHARLES MASON,

Commissioner of Patents.

ASSIGNEES' SALE

—OF—

Valuable Real Estate

—AT—

ZILWAUKIE, SAGINAW CO., MICH

THE following described property will be disposed of at Public Auction at the *Merchants' Exchange, in the City of New York*, on THURSDAY, the 28th of February, 1856, at noon, unless previously disposed of at private sale, by order of the Assignees.

First—One large Steam Saw Mill known as the Gang or Mammoth Mill, about 50 by 125, including a gang of 21 saws, 2 muly saws, with siding and edging machines; engine room about 30 by 75 feet. The whole drawn by the most powerful engine on the river.

Second—The Mill known as the Shepherd Mill, of about 42 by 60 feet, consisting of two muly saws and edging machines, this mill is said to be equal to any mill of its size on Saginaw river. Both of the above mills are in good repair with large and commodious Wharfs, Lumber Cars, Railways, Booms, in fact all the necessary appointments of first class mills. The above mills were in operation for about three or four months the last season, and gave the utmost satisfaction in regard to the quantity and quality of lumber cut.

Third—About 400 Village Lots in the village of Zilwaukie, in which there is a large Hotel 40 by 60 feet, two stories high; a new Store 40 by 60 feet, Office and Boarding House and a number of other Dwellings to accommodate the families of those employed in the mills, and the general business wants of the place.

Zilwaukie is situated on the left bank of the Saginaw, 15 miles from its mouth, and five miles below the county seat of Saginaw County, with which it is connected by a good road. The location is considered healthy, less sickness has prevailed in that than any other village on the river, according to the population since its settlement, it is at the head of navigation for loaded vessels bound from or to the Lakes, and is considered one of the best points for manufacturing Lumber on the river.

Also, about 900 acres of good hardwood Land on Cass River in Tuscola Co.

For further particulars apply to Dr CHARLES T. DISBROW, East Saginaw, Mich., or ROBT CARNEY and ALEX. M. LAWRENCE, Assignees, No. 11 South William street, New York.

Boston Lying-in Hospital,

SPRINGFIELD-STREET.

THE Trustees of this Hospital desire to call the attention of the Medical Faculty, and of the New England public, to the advantages which the new Hospital affords for the comfort of patients and the treatment of those cases which it was the intention of its founders to relieve.

Admission regulations are upon the same principles as those of the Massachusetts General Hospital, the charges depend upon the accommodations, and are as low as the means of the Corporation will admit. In the construction of the Hospital great attention has been paid to the comfort of the patients in ventilation, heating apparatus, bathing rooms, water closets, etc. The capacity of the building being in advance of the wants of the public for lying in patients, the trustees have decided to allow a portion of the Hospital to be used for the accommodation and treatment of diseases of the female sex; and applications may be made personally, or by letter addressed to Mrs C. L. WINN, Matron of the Hospital.

N. B. One or more of the Physicians of the Hospital will be in attendance there, every Wednesday afternoon, from three to four o'clock, for the purpose of receiving out patients needing advice for the above complaints.

The Aggressions and Usurpations of the Slave Power.

Declaration of Principles and Purposes of the Republican Party.

Address of the Republican Convention, At Pittsburg, Feb. 22, 1856.

(CONTINUED)

ANNEXATION OF TEXAS AND THE WAR WITH MEXICO

Texas was admitted into the Union on the 29th of December 1845,—with a Constitution forbidding the abolition of Slavery and a stipulation that *four more* States should become members of the Confederacy whenever they might be formed within her limits and with or without Slavery as their inhabitants might decide The then administration might make virtual provision for the addition of *five* new Slave States to the Union—practically securing to the Slaveholding interest ten additional members in the Senate—representing States, it may be with less than a million inhabitants, and outvoting five of the old States, within an aggregate population of eleven millions The corrupt and tyrannical King of England when votes were needed in the House of Lords to sustain them against the people created Peers as the emergency required Is there in this anything to ignore flagrant contradiction to the principles of Republican Freedom or does abugeroos to the public liberties, than in the system practiced by the Slaveholding interest represented in the General Government

But a third opportunity was close at hand, and Slavery made a third struggle for the extension of its domain and the enlargement of its power

The annexation of Texas involved us in war with Mexico The war was waged on our part with vigor, skill and success It resulted in the cession to the United States of New Mexico California and Deseret, vast territories over which was extended by Mexican law a prohibition of Slavery The Slaveholders demanded access to them all—resisted the admission of California and New Mexico which the energy of freemen outstripped in its activity the Government and even the Slaveholding interest has already converted into Free States, and treasonably menaced Congress and the Union with overthrow if its demands were not conceded The free spirit of the country was roused with indignation by these pretensions, and for a time the whole nation roused to the tempest which they had created Untoward events aided the wrong The death of the President threw the whole power of the Administration into timid and faithless hands Party repentments and party ambitions interposed against the right Great many leaders of the people from whom in better days the people had learned lessons of principles and patriotism, yielded to this bowing of the knee to Baal sought shelter in submission from its rage The Slaveholding interest was again victorious. California with her free Constitution, was indeed admitted into the Union but New Mexico with the Constitution forbidding Slavery with a mere border ruffian invasion and demanded the organized condition of a Territory—and while Congress refused to enact a positive prohibition of Slavery in the Territories of New Mexico and Deseret it was provided that, when they should apply for admission as States the Slaveholding interest might decide without Slavery as their inhabitants might decide Additional concessions were made to the Slave Power—the General Government assumed the recapture of fugitives—a law was passed laws for the second time—that Government unbecoming of a free State sentence to attempt to establish safeguards of civil freedom in the country Agents had been warned without effect or content with their success the Slaveholding interest proclaimed a truce.

When FRANKLIN PIERCE on the 4th of March last became President of the United States no contrivance was left to Slavery to aggrandize the country Its ablest leaders some of them experienced with much solemnity and under circumstances which lent the sanction of more than ordinary observation had declared the character of all the States united the only exceptions being fourteen Slave States were Free States and fifteen States were Slave States By the Missouri Compromise of 1820 Slavery was forever prohibited in all the Territories of the United States North of the line of 36 deg 30 min. over this Territory, a region of which no one then knew the value, Slavery was clothed with the sanction of law, and consigned to hopeless bondage Under the Constitution of the United States Congress had power to make all needful rules and regulations respecting the Territory or other property belonging to the United States and by the express terms of the compact Slavery was excluded from the Territory ceded by France to the United States in 1803 for the same reason that it was excluded from the Territories belonging to the United States when the Constitution was framed and established Congress had power to govern the Territories and to prohibit Slavery therein and this power was exercised in the case of the Territory of Oregon, Washington New Mexico Deseret and the new State acquired from Texas north of 36 deg 30 min. Compact, were all opened up to Slavery and those who might first become the inhabitants thereof, were to be vested to make laws for its establishment and perpetuation

THE INVASION OF KANSAS AND ACTION OF THE GENERAL GOVERNMENT.

Nor did the Slaveholding interest stop herein its career of injustice and wrong The first election of a delegate for the Territorial Legislature of Kansas was fixed for the 30th of March, 1855 and the laws of Congress presumed that at that election none but actual residents of the Territory should be allowed to vote. Yet, to prevent people of the Territory themselves from exercising the right to prohibit Slavery, which the act of Congress had conferred upon them the Slaveholding interest entered and bands of men from the neighboring State of Missouri who crossed the Territory on the day of election took possession of the polls, excluded the legal voters, and presented their own votes to elect members of the Legislature without the slightest regard to the qualifications prescribed by law The Judges of election appointed under an interpretation of the Administration at Washington aided and abetted in the perpetration of the outrage upon the rights of the people of Kansas, and the President of the United States removed from office the Governor who had been appointed upon the Territory Having thus effected the conquest of the Territory they proceeded to elect a Legislature which the Slaveholding invaders deem Missourians and which met on the 2d of July, 1855. Its first act was to pass enactments, drafted, chiefly, who would be the members of the Legislature of Kansas

Congressional.

WASHINGTON, March 13.

SENATE.—Mr. Seward to-day presented resolutions from the New York Senate in favor of the modification laws, granting bounty lands to revolutionary soldiers.

Rgle's resolution to purchase copies of Mr. Kane's narrative of the Arctic expedition was discussed.

Messrs. Brown and Mallory made speeches sustaining the course of the administration with regard to the Clayton Bulwer treaty and the Nicaragua question.

Mr Mallory desired to have Mr. Crampton's dismissal.

No action was taken with regard to Bigler's resolution.

Mr Hunter presented resolutions of the Virginia Legislature in favor of a law giving retired and disabled naval officers an opportunity to vindicate their tarnished honor.

Mr. Brown concluded his speech which he commenced on Tuesday, in vindication of the position of the administration, relative to the Clayton Bulwer treaty and the enlistment question, and leaving largely on the want of faith of the British government.

Mr Mallory agreed with the opinions expressed by Mr. Brown. He did not believe there would be war. If there ought to be none, but if war should arise, there would be no limit to our resources. He referred to the action of Spain in 1813, when the English Minister was ordered to quit the capital within 48 hours, or sooner if possible.

He could see no impropriety in pursuing a similar course here with regard to Mr Crampton.

The Senate passed the bill to amend the act establishing the Court of Claims. Also the bill to authorize two Judges to hold court as a custom, and providing for the appointment of an Assistant Solicitor, and a clerk for the Solicitor.

HOUSE.—Mr. Ready introduced a bill to refund and refund duties on rail road iron. Referred to committee on ways and means.

Mr. Purviance spoke in favor of granting the committee on Elections power to send for persons and papers in the Kansas contested election case, arguing that the house has the constitutional right to go behind the record in order to procure information to properly determine the question.

Mr Taylor argued that in the proper sense of the term this is no election contest, therefore Mr. Reeder has no right to be heard.

Mr Todd insisted that the validity of the laws of the Kansas Legislature should be investigated in the manner proposed.

The [illegible] are, in fact, in disregard of law and defiance of the territory, and the subsistence of the bowie knife and rifle for the ballot box, is striking a vital stab at free government.

Mr. Washburn of Maine, chairman of committee of Elections, gave notice of his intention to press a vote on the resolution to-morrow.

Mr Harris of Illinois, contended that Mr. Reeder had not a single inch of ground to stand upon. By sharking the true question, the message of the committee on Elections seek to entrap the House with a false issue. The object of the committee is to unduly excite the public mind, and carry the black flag of abolition over the land in the coming Presidential election. Mr Reeder sought to be smuggled in as the Indian only when he supposed that we would affiliate with him in his pretensions.

The celebrated

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description, whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Throat and Lungs, is gratefully acknowledged; and especially in cases of obstinate and long-standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing, it promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferer to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

☞ Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Boothbam, Maine.

FRANKLIN, 17th, 1853.

To Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which you bought of me, has done the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hoyt, Lewiston Falls.

Rev. Sir—Every bottle of the Universal Cough Mixture which you left with me, I have sold, and have several applications for more. All that have heard from, all have been perfectly satisfied with the medicine. One man, who had a very cough and lung difficulty, attended with tightness of the chest and shortness of breath, so that he was laid aside from business, after using one bottle, and before he had taken one bottle more, is perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cheap to be recommended to be honest.

JESSE HOYT.

From Mr. Fieldin Chick, Agent for North Dixmont, Maine.

DEAR SIR—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard Thorndike, Me.

To Rev. Walter Clark—Dear Sir—This certifies that I have used one bottle of your Universal Cough Mixture for a severe cough which I had for a year, and have frequently taken several kinds of medicine, and had been under the care of several physicians without obtaining the least relief, and by your Universal Cough Mixture was recommended to me. I accordingly bought it, and began to take it as directed, in the first, by which in a few days I was entirely cured.

HOLLOWAY'S PILLS.

WHY ARE WE SICK?

IT has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are specially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes and constitutions. Perhaps no Holloway's personally superintends the manufacture of his medicines in the United States, and therefore to them is the best remedy the world ever saw for the removal of Disease.

These Pills Purify the Blood.

These famous Pills are exactly combined to operate on the stomach, the liver, the kidneys, the bowlings, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

Dyspepsia & Liver Complaint.

Nearly half the human race have taken these Pills. It has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, Dyspepsia, and stomach complaints generally. They tone and give a healthy action to these organs, however much deranged, and when all other means have failed.

General Debility and Ill Health.

Many of the most despotic Governments have imported their Custom Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as its invigorating properties never fail to afford relief.

Female Complaints.

No Female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly courses, at all periods, acting in many cases like a charm. It is also the best known safeguard that can be given to children of all ages, and for any complaint—consequently no family should be without it.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Asthma	Dropsy	Scurvy	Weakness

It is no new and untried article, but one that has stood the test of ten years' trial before the American people, and its reputation and sale is unrivalled by any similar preparations extant. The testimony in its favor given by the most prominent and well known Physicians and individuals, in all parts of the country is unanswerable. The following from your own State is respectfully submitted, referring any who may still doubt, to my "Memorabilia, or Practical Receipt Book for Farmers and Families, to be had gratis of all the Agents for the German Bitters.

Principal office and manufactory, 120 Arch-st. Philadelphia, Pa.

TESTIMONY FROM MAINE

Capt. Daniel Abbott, of Rockland, Maine, July 16, 1855, says: "I was taken with a severe cold in April, upon my passage from Havana to Charleston, S.C. At the latter place I took medicine and procured a physician, but for ten days could obtain no relief, no sleep or appetite. At last taking up a newspaper having your advertisement of Dr. Hoofland's German Bitters in it, I sent for some immediately. I took them as taken and at 6 o'clock, at 12 o'clock I took the first dose, and another at 6 o'clock. The effect was so rapid on me that I had a good appetite for supper, and rested well that night, and the next day found me a well man. I have not been without your medicine since, having used about seven bottles. Both Charleston and the West India Islands ever since. I have now given up going to sea and reside in this place, where you should have an agency, as you could sell large quantities of it."

Capt. B. Fall & Co. Presque Isle, Aroostook Co., Maine, April 24, 1855, say: "We herewith send you a certificate of a cure performed by the use of *only one bottle* of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story."

Messrs. Capt. B. Fall & Co.—Gentlemen—In answer to your inquiries I will state that my daughter, aged about 16 years, has been complaining of a pain in her side for six or seven years, and about the first of January last was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters," I was induced to try them in her case, and sent to your store and purchased *one bottle*. She had taken it but a few days when she began to improve, and now, after taking *one more* bottle, she is enjoying better health than she has for years.—She feels no pain in her side or any part of her body, and attributes her cure entirely to the German Bitters.

WILLIAM CLARK.

Salmon Brook, Aroostook Co., Me.

You should bear in mind that these Bitters are entirely vegetable, thereby possessing advantages over most of the preparations recommended for similar diseases.

KENNEDY'S
MEDICAL DISCOVERY.

The Greatest of the Age!

MR. KENNEDY, of Roxbury, has discovered in one of our commonest pasture weeds a remedy that cures *EVERY KIND OF HUMOR*, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two. He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will cure the worst kind of biles.

Two bottles are warranted to cure the worst sore in the mouth and stomach.

Three to five bottles are warranted to cure the worst cases of erysipelas.

One to two bottles are warranted to cure all humors in the eyes.

Two bottles are warranted to cure running in the ears and blotches in the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two to three bottles are warranted to cure the worst case of ring worm.

Two to three bottles are warranted to cure the most desperate cases of rheumatism.

Three to six bottles are warranted to cure salt-rheum.

Five to eight bottles will cure the very worst case of Scrofula.

A benefit is always experienced from the first bottle, and a perfect cure warranted when the above quantity is taken.

Nothing looks so improbable to those who have in vain tried all the wonderful medicines of the day as, that a common weed, growing upon the pastures, and along old stone walls, should cure every humor in the system: yet it is now a fixed fact. If you have a humor in bas to start. There are no ifs nor ands about it, nursing sore mouth, Scurvy, Salt Rheum, Scrofula, or Erysipelas, can long withstand its influence. The proprietor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when having to cope with the worst cases of open wounds, ulcers, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, despatched to the hospitals of the East, large shipments of this Ointment, to the care of the direction of the Medical Staff, in the worst cases of wounds. HOLLOWAY'S OINTMENT!

The Grand External Remedy.

By the aid of a microscope we see millions of little openings on the surface of our bodies. Through these this Ointment, when rubbed on the skin, is carried to any organ or inward part. Diseases of the Kidneys, Disorders of the Liver, affections of the Heart, inflammation of the Lungs, Sciatica, Coughs and Colds, are by its means effectually cured. Every housewife knows that salt passes through bone or meat of any thickness.—This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that cannot be reached by other means.

Erysipelas, Salt Rheum, and Scorbutic Humors.

No remedy has ever done so much for the cure of diseases of the Skin, whatever form they may assume, as this Ointment. No case of Salt Rheum, Scurvy, Sore Head, Scrofula, or Erysipelas, can long withstand its influence. The proprietor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

HELMBOLD'S GENUINE PREPARATIONS.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Buchu

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE,

from whatever cause they may have originated, and *No Matter of How Long Standing.*

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the diseases, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE combination. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of *Health and Purity.* And as a medicine which must benefit everybody, it is offered to the simply delicate or the confined and disparing invalid, no equal to be found, yet nothing both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S
HIGHLY CONCENTRATED
Compound Fluid Extract Sarsaparilla,

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and improprieties in life, chronic constitutional disease arising from an impure state of the Blood; and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Back, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in succession operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and not unfrequently much impaired, if not rendered totally inert, by the injudicious and unskillful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evil alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and the most active preparations which can be made. Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

Fluid Extract Buchu.....$1 per bottle, or 6 for $5
" Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

H. T. HELMBOLD,
Practical and Analytical Chemist,
No. 263 Chesnut-st., near the Girard House, Philadelphia.

To be had of Druggists and dealers in every section of the United States and Canada.

All letters for the medicine directed to the proprietor, receive immediate attention, and safe delivery guaranteed.

The British Periodicals.

PREMIUMS
TO NEW SUBSCRIBERS

L. SCOTT & CO., New York, continue to publish the following leading British Periodicals, viz

1 THE LONDON QUARTERLY (Conservative.
2 THE EDINBURGH REVIEW (Whig.)
3 THE NORTH BRITISH REVIEW (Free Church.)
4 THE WESTMINSTER REVIEW (Liberal.)
5 BLACKWOOD'S EDINBURGH MAGAZINE.

THE great and important events—Religious Political, Military—now agitating the nations of the World, give to these publications an unusual interest, they never before possessed.

Blackwood and the Reviews, in their respective spheres of Literature, Science and Art, occupy the ground between the highly wrought and highly written productions of the day—the ephemeral literature of the monthly periodicals, and the ponderous Tomes of the Historian, whose subjects are of living interest in the facts he records which are rapidly passing away. The progress of the World in the Three eventful years that have passed, has been fruitful in Great Events, and these Periodicals have kept pace in their pages. Every important movement has been discussed, criticised, whether of friend or foe, and all fearlessly pointed out. The letters from the Seat of War in the Crimea, in Blackwood's Magazine, to the Russian Question, contributions, give a more reliable account of the movements of the Armies of the East than can elsewhere be found.

These Periodicals fully represent the three political parties of Great Britain—Whig, Tory, and Radical—and while they steadily maintain their political forms, they are free from the bitterness of party spirit, which characterizes the political literature of the day, and which renders so many publications of the present time unfit for the Library and the Fireside. They are, in fact, a complete and faithful history of the Literature of the
